

# HELLO 2021

## FROM NORTHERN RIVERS EQUINE

**LIKE EVERYONE IN AUSTRALIA, WE WELCOME THE START OF A BRAND NEW YEAR - GLAD TO SEE 2020 DISAPPEAR INTO OBLIVION.**

Here at Northern Rivers Equine life rolls on with new foals, new hopes and new dreams.

However one thing that hasn't run its race just yet is the 2020/21 Breeding Season.

The six stallions that are based here are still available to receive semen orders at least until Thursday 21st January [last collection Day] when the two Woodlands shuttle stallions, **American Ideal** and **Lather Up**, head back to their homeland in North America.

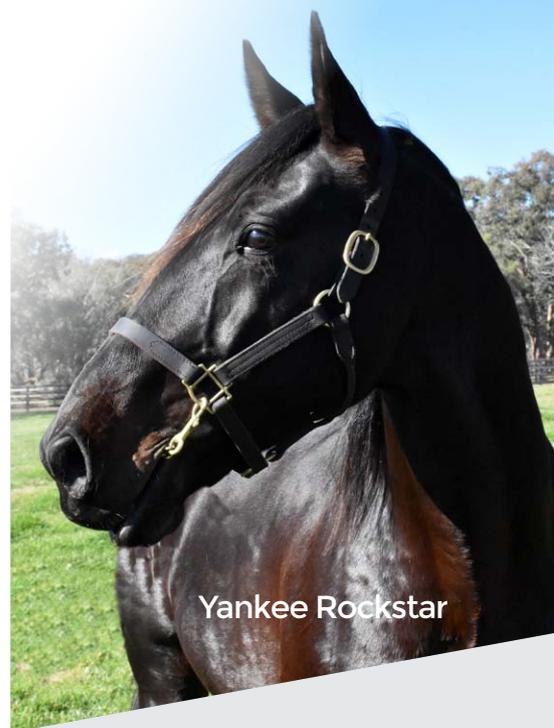

It is possible that the other four stallions will be available for a further week until the end of January.

It has been a pleasure to be entrusted with the day to day Management of those two stallions for Woodlands Stud. Both **American Ideal** and **Lather Up** are very settled horses - easy to keep and easy for collection in the Breeding shed.

We are also delighted with the support that Breeders around Australia have shown the new stallions **Poster Boy** and **Soho Tribeca**. As at 1st January both stallions have in excess of 140 mares Booked, with many of those mares bred and now safely in foal.

It is a positive sign that Australian breeders have supported our "Home Grown Product" but when you look at their bloodlines and racetrack performance it isn't a surprise.

Both horses have shown they possessed the high speed needed to win anywhere in the Pacing World with placed times in Miracle Miles of;

Yankee Rockstar

**Poster Boy - 1.48.2**  
**Soho Tribeca - 1.47**

Both horses possess the Bloodlines that any Breeding Farm in either Hemisphere would be proud to advertise;

**Poster Boy - by Somebeachsomewhere from an Artsplace mare.**

Poster Boy

Soho Tribeca

American Ideal

Lather Up

**Soho Tribeca - by American Ideal from an Art Major mare.**

So if you still have a mare to breed in January to produce you a foal in December 2021 then **Poster Boy and Soho Tribeca** should be right at the top of eligible candidates.

In singing the praises of these two debut Stallions we should not overlook the merits of another two young Stallions in **Mel Mara** and **Yankee Rockstar**. Once again both excelled on the racetrack, both have outstanding modern day bloodlines and both are powerful and impressive individuals.

**Mel Mara** - one of the fastest Stallions at Stud in Australia with his 1.47 record. A Cam Fella line

stallion and closely related to the champion Sire No Nukes. He has a pedigree full of extreme speed and his first crop of foals are terrific athletic types.

**Yankee Rockstar** - a 1.52.2 record on a 1,000 meter track and 22 wins from 35 starts. Bred on a proven cross for a stallion - by Rocknroll Hanover from an Artsplace mare. Has already sired some highly impressive foals.

For those Breeders who love the Trotting gait there is Frozen semen available at least until the end of January for;

**Pastor Stephen** - a millionaire, a full brother to Father Patrick and the USTA 2 Year Old Trotting Colt of the Year in 2010.

**Bacardi Lindy** - the proven siring son of S J's Photo. Average earnings per starter in Australia of \$35,806 [137 starters]. Sire of eleven X \$100,000 earners.

We at Northern Rivers Equine thank you for your generous support in 2020 and wish you a most successful year of horse Ownership in 2021.

However as the saying goes "It ain't over till the fat lady sings" and she is only warming up her vocal chords just now. She will sing when January reaches it's conclusion - so it's not too late to breed your cherished mare.

Mel Mara

Pastor Stephen
